

**ICD-O-3**  
**TERMS AND CONDITIONS (“TERMS”)**

These Terms govern Client’s use of the ICD-O-3 codes as incorporated in IMO Problem IT Terminology, licensed to IMO by the World Health Organization (“WHO”), and implicated by the license agreement executed by Client and IMO (“License Agreement”). Unless otherwise defined herein, all capitalized terms shall have the meanings as set forth in the License Agreement. Client acknowledges and agrees to the following with respect to ICD-O:

1. ICD-O Copyright. Client agrees that in order to protect WHO’s copyright, WHO shall be acknowledged with full bibliographic reference to ICD-O in any printed materials or electronic documentation accompanying the Oncology Enhanced Service, as follows:

Full Form: ICD-O-3 codes used by permission of WHO, from: International Classification of Diseases for Oncology, Third Edition.

Abbreviated form: ICD-O-3 codes, terms and text © World Health Organization, Third Edition.

2. ICD-O Disclaimers. Client acknowledges and accepts the following disclaimers and agrees to include the following text in each End User agreement for the Oncology Enhanced Service.
  - a. Endorsement. The use of ICD-O in this product does not imply any endorsement by WHO of any specific product.
  - b. The ICD-O-3 codes shall not be amendment, abridged, translated, deleted or in any other way changed without the consent of WHO.
  - c. The ICD-O-3 codes are for internal use of the End User. They are not to be reproduced, transmitted or distributed outside of the End User’s organization in any form or by any means.
  - d. ICD-O is distributed without warranty of any kind, either express or implied. In no event shall the World Health Organization be liable for damages, including any general, special, incidental, or consequential damages, arising out of the use of ICD-O.
3. ICD-O Marketing. Client acknowledges that the name of the Integrated Service that incorporates the Oncology Enhanced Service shall not incorporate either the acronym ICD-O-3 or the full title of the classification.
